## **Didion Launches New Website**

[www.didionmilling.com](http://www.didionmilling.com)

CAMBRIA – [Didion Milling, Inc.](http://www.didionmilling.com) (Didion) is delighted to launch their dramatically redesigned website at [www.didionmilling.com](http://www.didionmilling.com).

This enhanced and user-friendly site illustrates the great things going on at Didion! Didion has introduced brand new sections including one on the Famine Relief products that Didion has been proudly producing in Cambria for 20 years. A News section lists the latest press releases and relevant company news for online visitors to see. An entire section is devoted to Sustainability to reflect on the company's firm commitment and ongoing efforts. Also included is an interactive Didion's Impact page to illustrate our impact on the world around us.

Didion's online visitors will find the new site both informative and educational.

### **About Didion**

Didion is a family owned operation with more than 150 employees and four locations in Wisconsin. For nearly 40 years, the Didion family of companies has been an employer and innovator in Wisconsin's Agricultural community.

For more information on our family of companies, please visit us online at [www.didionmilling.com](http://www.didionmilling.com).
